New Year's Day Adventure

The men's group took an outing this month to kick off the New Year and take advantage of a day off of work. We packed up a grill, cooler and 10 men ages 20-75 and headed to the mountains to find an elusive waterfall. Only one had seen it from a distance and come to find out, 10 years earlier, Hurricane Mitch had dumped enough water to move the cascades. What we found were two different cascades, but neither were an easy hike. Several points were successfully traversed on hands and knees, hanging from roots and vines to keep from falling down the mountain. In the morning, we made the first cascade where the river flowed into a cavern in the rocks cascading into an apparent abyss at an elevation of about 1700m. We then grilled before trying to locate the second. It was a great time bonding, sharing and enjoying God's creation. Antonio (the 75-year-old) led the way on every ascent, running up and waiting for those less robust to catch up while huffing and puffing.

This was the first time many of the ladies had ever decorated cupcakes. They had such a good time as they decorated their own one-of-a-kind creations!

Fun with cupcakes

As I mentioned in earlier newsletters, we have begun celebrating the birthdays of everyone in the church on the first Sunday of the month with cupcakes. Kris decided that this would be a great opportunity to involve the women and give them time to spend together, as this doesn't normally happen. This month she had the women come over on the Saturday before the first Sunday. They made pepperoni pizza quesadillas, ate together, decorated cupcakes, and played games. The plan is to continue this throughout this coming year.

This and that...

January has flown by! The first two weeks were filled with our normal group activities and individual studies, with the addition of a new study. Michael has begun studying weekly with José, a friend of Lito. He has been very motivated to study and hear about Jesus. Please pray that José will continue to seek to learn and follow Him.

For two weeks this month, we returned to Antigua, Guatemala to spend dedicated time in language study. This was just what we needed to give our language a boost. For six hours every day we poured over grammar and practiced all that we were learning. There is always more to learn!

Please continue to lift us up in your prayers. Please also pray for the people of Corquín that they will all come to a knowledge and love of our Lord Jesus Christ. Thank you for your continued support!
